CURE FOR WORMS

DR. M. G. GOULD'S

PIN-WORM SYRUP

is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin-Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is the superseding all other worm remedies, is the best test of its great merit.

Its Cards, Relief in twenty-four Hours, and an Entire Cure is Warranted when taken according to directions, which accompany each bottle.

This syrup is also a most valuable family cathartic, to be always used when physic is required, especially for children. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. It is purely a Vegetable Extract, and always safe and reliable.

American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U. S. Patent Office, Washington (under the Act of 1857.)

76 State Street, opposite Kilby Street,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries (Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or inventions—and legal or other service rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington. The agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions, and disposed of, in and immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is more successful at the Patent Office than the subscriber, and no success is the best proof of advantages and ability. He would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, together with an extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had an official intercourse."

THADDEUS FAIRBANKS,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure to them early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me Fifteen Patent applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part I feel bound to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in success of his large practice, made but twice reported applications, ONE AND APPEALED, EVERY ONE of which was decided in his favor by the Commissioner of Patents.

[Evening Dispatches to the Press.]

Rosecrans Moving—Affairs at Vicksburg—Facts and Rumors from Washington.

NEW YORK, 30th.

The Times' Washington dispatch says, little credit is given here to the sensation stories about a movement of Lee's army having begun. Gen. Stoneman's new horse on his way to the seaboard to recruit his impaired health. He says no such impression prevailed last night in the army, in circles most likely to be well informed.

A refugee from Richmond, who arrived here to-day says it is generally believed in Richmond that Lee's army in the battle of Chancellorsville numbered 175,000 fighting men.

Seventy thousand rebels have crossed the Blackwater, and it is said that Beauregard's forces are to be brought up from Charleston, and a vigorous campaign in that direction inaugurated by the rebels to offset their Vicksburg disaster.

The President has reprieved Wm. B. Compton, condemned to be hung to-day at Fort McHenry as a rebel spy.

The Herald's headquarters Army of the Potomac dispatch dated 29th, says yesterday a most successful reconnoissance was made by Capt. Paine of the topographical engineers. The atmosphere was remarkably clear, and the enemy could be seen with great distinctness. No indications of a move were discovered, though it is still believed that a portion of their forces have passed up the Rappahannock. No communication is allowed between the pickets. Intelligence from the other side is very meagre. All quiet.

Gen. Schenck and Gov. Curtin had a long interview with the President to-day. It is said they seriously apprehend an invasion of Maryland or Pennsylvania.

The fact that Gen. Rosecrans began to move a week ago tends to confirm the report that Bragg is falling back from his front.

The Tribune says: "At 2 o'clock this morning our Washington correspondent telegraphed the facts of the situation at Vicksburg, which are as follows, summed up by high authority:

"Gen. Grant has sent by skiff crews the rebels into their interior intrenchments, turning the others against them. They however have troops to relieve each other as often as our soldiers need in defending that line of their works, but he is continuing without serious if any molestation from Johnston so far to assail indiscriminately but gradually in order to take as much care as he should take to save the lives of the troops engaged in the desperate fighting of such a siege."

The times says there is no prospect that anything will be attempted in the Department of the South this season. Orders have been sent here to give furloughs to five per cent of the men, and these just notions are to be carried out orthwith.

A Hilton Head letter to The Herald dated 24th inst. says at least 20,000 men have been sent by Sherman to Johnston.

NEW YORK, 29th.

A Washington dispatch to the Post says military men here do not credit the report that the rebel leaders are concentrating an unusual large force in Virginia, but believe rather that every soldier who can be spared from Virginia, North and South Carolina, have been sent to the Mississippi to relieve Johnston and Pemberton, or if too late to save Vicksburg to raise some other point on the Mississippi river, or so strengthen Port Hudson as to make its capture a matter of great difficulty.

The report that Lee had issued an order to his troops congratulating them on their victories and indicating an intention to invade Maryland, was little more than an invention or sensation correspondence. Gen. Schenck, direct from his command, assures us that there were no movements on the part of the rebel army, up to last night, to justify the belief in the correctness of such report.

PHILADELPHIA, 29th.

The Bulletin has the following:

Cincinnati, 29th.

Gen. Banks is reported coming up the Mississippi river. The rebel report that Chatham and Featherstone were wounded in the Mississippi fight, and that Gen. Johnston is massing a large force at the Big Black river bridge.

The report via Memphis that Gen. Grant has captured all the rebel redoubts at Vicksburg is discredited.

It is reported that Bragg telegraphed to Jeff Davis as to what he should do with Vallandingham. Davis replied that if Vallandigham would take the oath of allegiance to the Southern Confederacy to remove him, if not to send him back.

THE ANNIVERSARIES. The religious anniversaries, with the exception of one or two of minor importance, closed yesterday. Nearly all the meetings yesterday were fully attended and were of more than usual interest. Taken as a whole, the meetings of the week have been far more successful than was generally anticipated, and have been attended by larger numbers than was expected. The week has been pleasant—quite an unusual occurrence for anniversary week—and the city has been crowded with strangers. As indicative of the feelings of thousands who have attended the anniversaries, it is worthy of note that the meetings which have had a direct or even an indirect bearing upon the army have been the most fully attended, and no speakers have been so earnestly listened to or heartily applauded as those who have counselled wholesale persistence in the support of the government in the work of putting down the rebellion, or expressed a firm faith in the final triumph of the government.—*Boston Journal.*

TWO MEN named Sellick and Griffin, keepers of a hotel at Louisville, have been detected in smuggling large quantities of quinine and morphine through our lines for the rebels. About $16,000 worth of drugs were lately found on their premises. They have done a large business, making their purchases at Cincinnati.—They are now under arrest.

INTERNATIONAL POSTAGE. A congress of delegates from nearly all the civilized governments is now sitting in Paris, for the purpose of establishing a general system of international postage. Mr. Mason, Deputy Postmaster General, represents the United States. The object of the congress is to introduce, not only a uniform system of payment, but of weight and general postal legislation, and to turn to account, in the general correspondence between civilized nations, the improvements in steam transportation and mail.

THE REBEL PIRATES. The following is a more full account of the recent rebel piracies by the Alabama and the Florida than was given by telegraph. The brig William M. Dodge, which arrived at Philadelphia yesterday from Pernambuco, brings as passenger Captain Potter of the ship Oneida, of New Bedford, from Shanghae for New York, which vessel was burnt by the rebel pirate Alabama on the 29th of April, when in lat. 1 40 S., lon. 29 W. The Oneida was 420 tons burthen, 30 years old, and was owned by F. Hathaway.

Information was also brought by this arrival that the following vessels had been previously captured and destroyed by the pirates Alabama and Florida:

Ship Charles Hill, of Newburyport, 699 tons, 14 years old. Owned by Charles Hill. She was on the voyage from Liverpool for Montevideo.

Ship Louisa Hatch, of Rockland, 868 tons, built in 1855. Owned by C. W. McLoon.—Bound from Cardiff to Singapore.

Ship Nora, of Bangor, a new ship, bound from Liverpool to Calcutta. [Built here in 1862, and owned by Geo. B. Upton, Esq., of Boston. A son of Mr. John C. Young of this city was on board the Nora.]

Barque Henrietta, of Baltimore, 437 tons, built in 1855. Owned by J. Whittridge. She was on the voyage from Baltimore to Rio Janeiro.

Brig Kate Cory, whaler, of Newport, 132 tons. Owned by A. H. Cory. When last heard from she had on board 165 barrels sperm oil.

Barque Lafayette, whaler, of New Bedford, 357 tons, owned by H. H. Bartlett & Sons.—When last heard from she had on board 170 barrels sperm oil.

Also, sch. Nor. Kingfisher, (probably the whaling vessel of that name belonging to Fairhaven.)

It is stated by the owners of the ship Charles Hill, one of the vessels destroyed, that she had salt in the hold and an assorted cargo between decks, which was all owned by British parties. The owners of the ship supposing the cargo, being owned on foreign account, would protect her from the pirates, did not obtain any war risk on the vessel, and in consequence have lost all their property.—*Boston Journal.*

The Richmond Whig groans over the humiliating conduct of rebel citizens who extended all sorts of kind civilities to the prisoners captured by General Forrest, as they were traversing the Confederacy on the route to Richmond. "A rare jaunt they had through the land of cotton," says the Whig, and adds:

"Pleasant reminiscence will they have of their tour to the South, expenses paid—pleasant recollections of Augusta. Soon again in camp they will tell the jolly story of what rare times they had in Dixie, and long for another gallop through the land of flowers, where greenbacks are worth three for one, and where females kiss the hand that slew their brother. And the fortunate recipient of a choice bouquet will exhibit its pressed and faded leaves as a tribute of southern devotion to the Union and sympathy for those who have battled for the 'glorious flag.'—Intelligent officers will prate of Union sentiment and encourage the pristine hope that thousands of victims of rebel tyranny would rally to the stars and stripes could they once again be unfurled in their midst."

The Baltimore American publishes a letter from its correspondent on board the Hartford, dated "Mouth of Red River, May 12th," from which we extract the following:

The Union feeling is strong up Red River, and I learn that General Banks has already recruited two regiments of Louisianians—Seven refugees, armed with shot guns and long knives, who have been hiding in the swamps for six months to escape conscription, came on board the Hartford about a week since, and were yesterday sent up Red river again, as they expressed a desire to go up and join the Union men who have already had some fighting with the rebels, and now that succor is at hand, have come out boldly for the Stars and Stripes.

Men who, for weary months have been living like wild beasts in swamps and dense thickets, to escape the halter, have now come out of their hiding places and joined the Union ranks. Most of the refugees own property, and some of them are men of intelligence, and their mud-stained garments and unshorn locks testify what they have undergone to resist a power they did not recognize, and the sagacious with which they one and all jumped at the chance of fighting under the old flag, repudiates the idea that coercion kept them from joining the rebels.

BLACK LABOR IN LOUISIANA. The New Bedford Mercury publishes an extract of a letter from an officer in the 38th Mass. Volunteers, dated Berwick City, La., which says:

"We passed many immense plantations, whose standing cane showed the secesh absentees, whose fears dictated flight when Weitzel came in last year. Others had been cleared, crops sold, and work going on well. These last are being worked by free labor on General Banks' new plan. I am told the scheme is apparently a success here, and it is believed the region will, if it escapes the ravages of war, produce a large return in sugar and molasses. I had much conversation with the railroad superintendent, a keen Connecticut officer, who is perfectly convinced of the practicability of Banks' free labor scheme from a full year's observation. He has 2500 under his control. He says he is perfectly convinced, too, of the feasibility of employing white labor. The health of his numerous white employees last year was better than that of the blacks."

A FORTUNE MADE AND LOST IN A YEAR.—About eight months ago a resident of St. Louis was the possessor of $4000, which he invested in salt. The stock was smuggled into Arkansas, where it realized almost fabulous prices. The business he carried on for several months, by which time he had amassed a fortune of $65,000. Elated and emboldened by success, he took $50,000 into the interior of Arkansas, where he invested the amount in cotton.

Shortly after having made the purchase, and with visions of $100,000 in his eyes, a portion of the federal forces moved in the direction of where the cotton was stored. The plantation was vacated, the cotton unprotected, with no one to claim it, the cotton merchant having absented himself for the purpose of procuring transportation for its removal to market. The cotton was accordingly seized, confiscated and sold for the benefit of the government.

The cotton merchant made complaint, gave proof of his ownership, and claimed payment, but all to no avail. Some time afterwards he arrived at St. Louis, and took lodgings at one of the hotels, which being crowded, he was placed in a room with two strangers.

The United States detectives had for some time past been on the trail for two cotton smugglers, and upon the morning following the arrival of the broken cotton merchant, he, with his two room mates, were arrested and placed in prison.

The facts in the above case were developed during a recent sitting of the Military Court of Inquiry.

Sentiment of a Loyal League.

At an adjourned meeting of the Loyal National League of West Brookville on the 20th inst., the accompanying resolves were introduced by the Business Committee, unanimously adopted, and ordered to be printed in the Bangor Daily Whig & Courier and Ellsworth American.

Respectfully yours,

G. V. MILLS, Secretary.

Resolved, That as union is strength it is a duty which we owe our country to unite with one heart and voice in our endeavors to sustain the government in this her day of trial.

Resolved, That the platform of this League shall be to stand firm for the government, to sustain her in prosperity and adversity, to be ready at all times and in all places to vindicate her cause, and so far as lies in our power to maintain all her rights.

Resolved, That we will not work for party, but for principle, that all men who show themselves true patriots shall receive from us the right hand of fellowship.

Resolved, That all traitors, otherwise styled Copperheads have formed themselves into tribes for the purpose of misleading the ignorant and gaining strength to themselves, we will use every honorable means to counteract their baneful influence.

Resolved, That we will show our enemies that strength lies not in noisy blabbing or futile threats, but in a consciousness that our cause is the cause of God for the benefit of the human race.

AN OUTBREAK AND ITS CAUSE. On Thursday evening last the quiet of S——— street was broken about midnight by the cries of "Police! Police!" Out of those faithful guardians immediately responded in the rear of the block, and from the third story window a lady's head protruded, and from her the alarm had proceeded. The policeman inquired into the trouble and was informed that she could see on the shed fronting on the next street, a man who was apparently asleep. Other neighbors who had been attracted by the noise also said they could see him curled up on the shed, and some thought he had fallen from the window to a fit. The policeman, thinking that it might be some shrewd burglar who was feigning intoxication, scaled the fence, reached the shed, and there found a man rolled up in a traveling shawl, sleeping soundly. After a shake or two the man came to his senses, and in answer to the policeman's inquiries as to who he was and what he was doing there, replied "Why this is my house and this is my shed, and as I have just returned from the war, where I've roughed it on the hard ground for eighteen months, I found it impossible to sleep in a bed, and so I just took a shake-down here. So sergeant, don't trouble yourself but just get outside my line." What shall we do when this war is over, if our boys intend to conduct themselves in this way.—*Boston Gazette.*

Major General Rosecrans on Slavery.

For some weeks past a controversy has been going on between the Catholic Telegraph of Cincinnati, edited by the Very Rev. E. Purcell, brother of the distinguished Archbishop of Cincinnati, and a pro slavery Catholic journal of that city. The learned editor of the Telegraph insists and proves that the Catholic Church and Slavery have never got along well together, that the Church abolished that peculiar institution wherever she came in contact with it, so it is only in America Catholics have ever been found advocating slavery. The controversy has called forth the following letter from Major General Rosecrans, which appears in a late number of the Telegraph. The editor says: "He (Rosecrans) has never been an Abolitionist, and has, like ourselves, stood up for the Democracy."

MURFREESBORO, April 27.

My Dear Father Edward:

The rebels grabbed the last letter I wrote you, but they will draw very little consolation from its contents. * * * I am happy to see the splendid stand you took in the Telegraph against Slavery, with its horrors, barbarities and base immorabities. Slavery is dead. Nothing can resuscitate it. To learn this fact fully, you should pay us a visit. There is not a negro in the South who does not know he is free. Around here they have squatted on the plantations, and refuse to work for any one but themselves. They have sown little crops of their own, and the masters have ceased to exercise any control over them.

As an indication, I will cite a strong case. The lady of the house where I am stopping, attempted to punish one of her negro women this morning. I had to step into the room to save the mistress from being badly used up, as the darkey was belaboring her with a stick intended for her own punishment. "Ex uno disce omnes."

It is needless for me to say that I applaud every sentiment you have expressed in the Telegraph. Your course is that of the prudent navigator, who, watching the black speck on the horizon, sees it expand into a portentous storm, and calls up his crew to take in sail and prepare for a contest with the elements. The storm will pass away, and you will be found sailing under full sail, while those who took no heed will be scattered by the gale. * * *

I am heart and hand with you in this cause. Slavery is doomed, and those who would now uphold it will be held up in a very short time to public odium and execration. No statesman will vindicate it, no lover of humanity and religion will grieve for its overthrow. It have lived enough in the South to see its working, its disgusting features, debasing the highest principles of our nature, warring with religion and patronizing vice and immorality. Almighty God has certainly ordained its destruction in this country, where it has been more offensive and immoral than in any other, and until it is utterly extinct, this war cannot from the nature of things, cease. I am in favor of a cessation of hostilities as soon as early a day as possible, therefore, I am in favor of the President's proclamation. This State was made for white people and free labor, and when slavery no longer blights its borders, we may expect to see the church and school house take the place of the slave pen and market.

The French papers state that a lady and gentleman returning from a ball given at Marseilles, found themselves overtaken by a thunder storm. To the surprise of the gentleman, he suddenly found his fair companion enveloped in flames. It would appear that the electric fluid had communicated with the steel of the crinoline, and ignited her dress.

Union State Convention.

The citizens of Maine who are unconditionally loyal to the government of the United States, and who unconditionally support all its measures for the suppression of the rebellion, and who are resolved to spare no endeavor to maintain our National Union, both in principal and territorial boundary, are invited to send Delegates to a Convention to be held in the city of BANGOR,

On Wednesday, the 1st Day of July Next,

for the purpose of nominating a candidate for Governor to be supported by the Union Men of Maine at the next election.

Each city, town, and plantation is entitled to send one delegate, and an additional delegate for every five hundred inhabitants. A fraction of three hundred entitles a town to an additional delegate.

Vicksburg has not yet fallen—or had not at the date of the latest advices received when this was written. Public hope and expectation have been disappointed, because of the unwarranted assumptions of complete success, which were drawn by news correspondents from the brilliant and rapid series of victories that led to the investment of the rebel stronghold. We were told (but not from any official source) that the place had actually been taken, or would be taken in a day or two from the time of the first assault. Hence, as days have passed, and success is not yet achieved, disappointment has succeeded to joy in the public mind, and apprehension is taking the place of hope. The mind, however, should be guarded against extremes. It was unreasonable to expect Vicksburg to be taken in a day or a week—and it is alike unreasonable to despair of its final capture *because* it has not been taken in a day or a week. Grant can and will take the place if Johnston is not allowed to increase his relieving force faster than our army is reinforced. It is said, to be sure, in the latest accounts that a large portion of Bragg's army is moving Southward to reinforce Johnston—but in the present condition of the railroads, it will probably take from two to three weeks to reach the rear of Vicksburg—the distance in a direct line being between 400 and 500 miles, and probably over 600 by the roads. Then it is not to be presumed that Rosecrans is uninformed of the rebel movements, or that our Government will permit any important transfer of rebel troops from Tennessee to Mississippi without prompt counterveiling movements. An important piece of the enemy is in check, and we must not permit him to advance sooner faster than we strengthen to attack. The Government says that Rosecrans is so vigilant and well informed as to the movements of the enemy, as to render the escape of Bragg from his front as quite out of the question, without his knowledge. We have faith both in Grant and Rosecrans, and therefore still have strong hope in the capture of Vicksburg, although it may be after desperate fighting between large armies, and at an expense of many lives. It may be taken by assault before Johnston is strong enough to interfere—and the latest advices received up to Saturday evening lead us to hope that it may be so.

Progress of Free Sentiment South. There are increasing indications that the loyal people of the slave States are fast becoming more and more reconciled to the idea of a final extinction of slavery in this country, and the substitution of a system of free and paid labor. The rebels themselves have brought this about, as no effort of Northern misanthropists could have done. They have made death to Slavery or death to the Republic the alternatives from which a choice must be made—and the loyal slaveholders and loyal people of the slave States are fast determining that the former is the least evil of the two. A little more time, and that decision will be fully and firmly made, and they will then begin to see and believe that the death of slavery will be no evil at all—but on the contrary an act of long-demanded justice and every way a blessing to the country. The disposition of Southern men to accept the destruction of slavery rather than that of the republic is well manifested in the statements which we have seen relative to the present Congressional campaign in Kentucky. *Unconditional* loyalty to the Government is said to be the prevailing sentiment—and a sentiment which is growing more general every day. It has been feared that Kentucky was inclined to be as much against the Administration as against the enemy, and that, in trying to balance between the two, her influence would be neutral if not decidedly against the Government in the vigorous prosecution of the war.

But as candidates for Congress are nominated, the occasion to ventilate for 'doubting politicians' and the Kentucky loyal men are thereby led to demand that candidates show their true colors. The canvass commenced some weeks ago, when a disposition to shirk the dire issues of the war was observable in some quarters. Only candidates claiming to be Union candidates announced themselves, but some sought to propitiate the favor of rebel sympathizers by publishing that if elected to Congress they would "refuse to vote men and money for the further prosecution of the war, unless the President revoked his Emancipation Proclamation." These equivocal manifestations aroused the loyal feelings of the masses, and Conventions were promptly called in most of the districts, to select and unite upon true Union candidates. The effect is happy. One candidate, Colonel McHenry, to whom such doubtful sentiments were attributed, has come out and repudiated the charge, and declares for the uncompromising prosecution of the war. The Lexington district nominated Mr. Crittenden, and in a distinct resolution pronounced in favor of furnishing the Administration with every agency needed in the conduct of the war, without limitation or qualification. In the district fairly represented by Mr. Dunlap, a like declaration was made, and W. H. Randall nominated, who pledged himself to a faithful adherence to this patriotic policy.

A similar process and policy prevail in other districts. It is probable that the whole State will follow in this course, and that there will be no conditions offered to be imposed by Kentucky, in the next Congress, on the President, in the measures that may be necessary to quell the rebellion.

☞ The new steamer Katahdin, now running on the outside route, under command of Captain Charles B. Sanford, is proving herself all that was expected in speed, comfort and convenience. She is as well appointed and furnished in every material respect as the best of the Sound steamers, and has quite as ample accommodations for the business of her route. A splendid saloon occupies the whole length of the upper deck, flanked on either hand by long ranges of wide and well furnished state-rooms, with elegant and spacious toilet-rooms for ladies, (a new feature in eastern boats,) and with broad and pleasant walks, both inside and outside of the saloon, afforded by the greater breadth of the steamer as compared with that of former boats on this route. The finish of the saloon is elegant, tho' not extravagant—and the furniture rich but serviceable. The sides of the saloon, forming the front of the state-rooms, are ornamented with numerous white pilasters surmounted by corinthian capitals in gilt and connected by an entablature with gilt bands. The effect of the whole is very fine. The ladies' cabin is wide, roomy, well ventilated and handsomely furnished; and the same may be said of the gentlemen's cabin, extending the whole length of the boat, although the ventilation cannot of course be so good as if it were on deck, with the advantage of open windows. Care, however, is taken to have a draft of air forward and aft. The state-rooms are much more numerous than on former boats of this route. As to the management of the boat, it is everything which the public could desire. Captains Stanley and Rogers, the pilots, are among the most experienced and reliable men who have ever been on our eastern waters. Mr. Hathorn has the reputation of being the best steamboat Engineer now on the Atlantic coast, and is appreciated as such, and as a most careful and kind-hearted man by all who have ever traveled on the Sanford line and had the good fortune to make his acquaintance. He has an able and careful assistant in Mr Good. The clerks—Messrs. Wall and Alden, and the baggage master, Mr. Morrill, are gentlemen in every respect, always prompt to duty and solicitous for the comfort and convenience of passengers and the safety of baggage and freight. The mate, Mr. Hanson, is a very faithful man, while the steward, Mr. Reeves, superintends the appliances of the table in a manner to satisfy the most fastidious. The ladies speak in high terms of the care and kindness of the chambermaids, and the cabin boys, are respectful and watchful in their attentions. The discipline of the boat throughout, seems, in fact, to be unexceptionable. Her speed, when fairly tried, will be found to be much greater even than that of the M. Sanford or Boston, both excellent and swift boats. The Katahdin arrived here a few minutes after 11 o'clock on Saturday, although carrying but 24 or 26 pounds of steam through the night—the Sanford usually carrying 27 or 28. The new boat is remarkably steady, feeling the jar of her machinery on an old navy but little. She has not yet undergone the test of a severe storm—but we have no doubt she will give a good report of herself.

☞ A Court Martial is to commence at Augusta on Wednesday, June 3d, by order of Maj. General Wool. Lieut. P. E. Shaw, of the First Maine Heavy Artillery, has been detailed as Judge Advocate.

Fire. On Saturday forenoon an alarm of fire was given, which was found to proceed from Willow Street, near the railroad bridge, in a house occupied by Mrs Slaughtery, a widow woman, and Mr. Wm. Varley—owned by the former, we believe. The fire was discovered by the neighbors proceeding from the roof near the chimney. The occupants—a portion of them at least—were absent at the time, and two children—one of whom was asleep in a bed—were rescued barely in time to escape suffocation. This house was entirely destroyed, as was also the one adjoining it on the north, occupied by Mrs. Ann Laughlin and other parties. This house was owned, we believe, by a Mr. Spelman. The fire was communicated to a double tenement house on the opposite side of the street, owned by Mr. Ferris. The roof was entirely destroyed, and the building otherwise damaged by water.

Gratifying. The County of Penobscot is now entirely free from debt. Her last loan has been paid by County Treasurer Flint. We hope now that philanthropic people will commence agitating the proposition of building a new jail and house of correction. The present uncomfortable and unhealthy old building is a disgrace to the county and to every individual citizen.—Shall the preliminary steps be taken?

Backed off the Wharf. About half past 4 Saturday afternoon, a span of mules attached to a job wagon belonging to the Hathaway Brothers backed off from the wharf with the driver, a distance of some 15 or 20 feet. One of the mules was badly hurt in the fall, and was drowned before he could be unharnessed. The other was cleared and swam down to the ferry landing, where he went ashore. The driver escaped with a few bruises.

Arrest. A couple of tough customers were arrested in Portland on Wednesday morning for robbing a man of thirty-one sovereigns and a ten dollar bill. They were arrested at the Canadian House, and some of the money found in their possession. They were deserters from the rebel army.

Horse Thief. Andrew Jackson Abbott hired a horse in Portland and forgot to bring him back at the time agreed upon. He was followed to Saco and arrested while he was negotiating for the sale of the animal.

State Guards. At an election last Saturday for choice of officers, the following were chosen: Joseph S. Harlow, Captain; Charles H. E. Woodbury, 1st Lieutenant; Josiah B. Mayo, 2d Lieutenant. Col. C. H. Chandler presided at the meeting.—*Dover Observer.*

☞ A young horse belonging to Robert Burns of Bucksport, was killed recently by jumping upon a picket fence.

☞ A correspondent in the 8th Maine at Hilton Head writes us under date of May 21st, that the health of the regiment is excellent, and "their living first rate," but they would like to move into active operations or have something to "stir them up."

☞ The Penobscot Baptist Quarterly Conference meets in this city to-morrow, at the First Baptist church, at 10 A. M. Introductory sermon by Rev. D. C. Litchfield of Oldtown.

☞ A bogus doctor named Abbott, has been operating in Oxford County for some time, as we learn from the Democrat. He had only one kind of medicine—but to make up for that he had several wives. Of course he decamped without paying his debts.

☞ Friday week is said to have been the hottest day ever known in May. The thermometer in this region was up to 90 and 92; and in others rose to about 100. That day, week, it snowed fast nearly all day.—*Paris Democrat.*

☞ The Oxford County Union Convention to nominate county officers, meets at Paris Hill, July 8d.

☞ A farmer in Cutchogue, Long Island, while plowing recently turned up sixty one silver table spoons, which weighed 183 ounces.—Some thinks they are part of the buried treasures of Captain Kidd, "as he sailed."

☞ The Belfast Age has a lengthy report of a case in which Mr. Daniel H. Wadleigh of Freedom, was tried at the late term of the Supreme Judicial Court in that city, on the charge of producing the death of Mrs. Benjamin Bell by malpractice. The Jury rendered a verdict of guilty of manslaughter, and the doctor was fined $500.

☞ Colonel Henry G. Thomas of this city, commanding the 2d Louisiana regiment of Ullman's negro brigade, is reported by a correspondent of the Boston Traveller as having sailed on the 1st inst., from Baton Rouge for the Teche country, with Colonel Bullsford, 1st Louisiana, on recruiting service. The brigade is to be contested for recruiting purposes, the 3d and 5th regiments only remaining at Baton Rouge, the 1st and 3d proceeding to Bayou Teche, and the 4th to some place not yet named.—*Portland Press.*

☞ The Harvest Moon made the trip from this city to Portland in ten hours and four minutes, on Friday last.

☞ We learn from the Houlton Times that the dwelling house of Joseph Kendall, Esq., of Hodgdon, was destroyed by fire last Sunday afternoon. All the inmates were at church at the time, with the exception of Mrs. Kendall who was sleeping in one of the upper rooms and was first warned of danger by the fire brands falling through the roof. Alarm was given, and the people assembled in the church, near by, turned out but were unable to extinguish the flames. A piano and some parlor furniture were the only articles saved.

(The following would have appeared before, but for the absence of the editor:]

Mr. Editor—

Allow me to express regret at the publication of a paragraph in your paper of yesterday, quoting from the Detroit Advertiser certain loose and incorrect statements in regard to the sentiments of my brother, the Rev. W. Craig of New Bedford. Concerning the difficulty in the church, which was private in its character, and in the details of which your readers would take but little interest, it is enough to know that the great majority of the church, a church, too, composed of copperhead rebels, fully sustained the position of their pastor. For him, I wish simply to report that he is thoroughly loyal to the government, and in sympathy with freedom, and has never felt or uttered any manner of favor towards the base and iniquitous rebellion. I should not have asked a place in your columns even for this brief word of vindication, were it not that in his own native State of Maine and in the city of Bangor, which once afforded him a pleasant home, and at the hands of those whom he has some reason to regard as personal friends, he certainly may expect that his good name will not be rucklessly and falsely soiled by the foul stigma of treason, nor have carelessness shown in giving credit or currency to wanton reports flying from afar, which are nothing but a misrepresentation and calumny.

Yours respectfully, H. X. C.

WISTAR'S BALSAM OF WILD CHERRY.

Cough, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the *Throat, Chest and Lungs,* prevail, in our changeable climate, at all seasons of the year; few are fortunate enough to escape their baneful influence. How important then to have at hand a certain antidote to all these complaints.—Experience proves that this exists in *Wistar's Balsam,* to an extent not found in any other remedy; however severe the suffering, the application of this soothing, healing and wonderful Balsam at once vanquishes the disease and restores the sufferer to wonted health.

From a Highly Respectable Apothecary in Bangor.

BANGOR, Oct. 1, 1860.

Messrs. S. W. Fowle & Co—Please send me a few dozen of WISTAR'S BALSAM OF WILD CHERRY. The demand for this excellent preparation for diseases of the Throat and Lungs, renders it necessary that I should purchase a considerable quantity of it. It has an enviable reputation which it has acquired upon its own merits alone. My customers assure me of their unlimited confidence in the medicine, and I consider it without a superior in the best of similar specialties. The fact of its having been before the public so long, and the demand still continuing, is proof positive of its appreciation by the afflicted portion of mankind. Respectfully yours,

...following despatch was received at the ...Department to day—

Flagship Black Hawk, Miss Squadron, Near Vicksburg, May 25th, Via Cairo May 30th.

...Gideon Welles, Secretary of Navy:

Sir—I have the honor to inform you that the expedition under the command of Lieutenant Walker, after taking possession of Haines' Bluff, was perfectly successful

Three powerful steamers and a ram were destroyed at Yazoo City.

The ram was a monster, 310 feet long and 70 feet beam, to be covered with 4 inch plates — Also a fine navy yard with machine shops of all kinds—saw mills, blacksmith shops, &c—were burned.

The property destroyed and captured amounted to over two millions dollars

Had the monster ram been finished, she would have given us some trouble

One battery was destroyed at Drury Bluff — Our loss in the expedition was 1 killed and 7 wounded

(Signed) DAVID D PORTER,
A. R'A, Com'd'g Mississippi Squadron

NEW YORK, 31st.

St. Paul papers contain the following

We learn that certain information has been received at Fort Abercrombie, on the 17th, of Jos Duncan, a son of the interpreter. He came from St Joseph, by way of Devil's Lake, leaving Devil's Lake on the 9th, where he reports encamped 500 lodges of Indians, or about 1500 warriors, with Little Crow at the head. They are encamped on the prairie near the timber, and near the peninsula that runs down into the lake on the North side, in the vicinity of Birch Island, which is the place of rendezvous of the hostile Sioux. He says Little Crow's band are well supplied with ammunition, and that the others have none

Little Crow and his soldiers have been assiduously engaged in circulating reports that all those who gave themselves up last fall were killed by the whites, and by this means is trying to induce them to engage in war against the whites

NEW YORK 31st

The Mercury has the following despatch from Washington

"Reliable information is at hand tonight that a portion of General Lee's army has swung around on the Orange & Alexandria Railroad at Culpepper. The rebel General Hooker's division occupied that place yesterday

"Today a supply train of 12 cars laden with stores was captured between Manassas and Warrenton. The rebels took up the track, which was discovered by the Engineer, and the train was hauled. No sooner had it fully stopped than a 12 pounder shot was sent through the boiler of the engine from a field piece concealed in the woods. The train was burned and all the men taken prisoners who were running it. This was probably the work of General Mosby's men — There are no signs that the enemy has attempted to cross the Rappahannock at any place between Culpepper and 60 miles distant from Falmouth

MURFREESBORO, 30th

The Chattanooga Rebel of the 29th has the following

MOBILE, 28th

Reports from below Vicksburg say General Banks has crossed the Mississippi with his army at Bayou Sara.

General Grant sent in a flag of truce yesterday, about the sick and wounded. The loss of the Federals in the assault upon Vicksburg was far greater than in any battle during the war.

The Mississippi says Saturday's battle at Vicksburg was the most stubborn of all

The quartermaster at Canton says the Yankee gunboats have left Yazoo City

Richmond, Va., 27th

A private despatch from Canton, Miss says all was well yesterday, Vicksburg holds out bravely

The rebels believe the army of the Cumberland is in a weaker condition to-day than at any time since the battle of Murfreesboro. They think Rosecrans has recatured Grant.

The Rebel thinks Vallandingham's chance of being Governor of Ohio, is very fair, and says that with such a man for President, we could always have peace

Vallandingham is still at Shelbyville. He will go to Virginia in a few days.

CINCINNATI, 31

The Commercial has the following—

The Appeal of the 29th says two gunboats had been sunk at Vicksburg

Colonel Grierson's cavalry made another raid from Baton Rouge, capturing and destroying a large rebel camp

Pemberton's Quartermaster has succeeded in running 700 miles outlet Vicksburg. Thus, by the reduced consumption of horse, the garrison has rations for 90 days.

The Atlanta (Ga) Commonwealth of the 28th announces the arrival of Breckenridge in that city

ST LOUIS, 30th

A despatch from General Blunt to General Schofield, states that the rebels crossed Arkansas river near Fort Gibson, on the 20th, and attacked Colonel Phillips, but were repulsed and driven back across the river. Our loss was 30 killed—the enemy's much greater

All the difficulties between General Schofield and Curtin have been reconciled, and General Herron assumes command of the army of the frontier, and leaves for the field at once. Extensive preparations are being made in St Louis for the relief of the wounded from Vicksburg.

CINCINNATI, 31st

On Thursday next General Burnside will remove the headquarters of the department of the Ohio, to Hickman Bridge Ky, about 10 miles south of Nicholasville.

Brig Gen N C McLean has been appointed Provost Marshal General of the department of the Ohio, with his headquarters at Cincinnati

A despatch from Gen Burnside has been sent to Gen Bragg, announcing his determination to hang all the rebel officers in his hands, in case retaliation for the two spies tried and executed in accordance with the usages of war should be resorted to by the rebel government

FORTRESS MONROE, 29th

The election in Norfolk and Portsmouth, yesterday, resulted in the triumph of the entire Union ticket. The election passed off quietly.

Twenty-five deserters from a Mississippi regt came into Suffolk yesterday and took the oath of allegiance. They are to be sent North on the Baltimore boat

A.M.—Mr Segar has just received a telegram from the Eastern Shore, saying that he is elected to Congress

ALBANY, N. Y., 30th

This morning at 9 o'clock, while the clerk of Thomas Squires, broker, was at the door of his office, looking at the 12th regiment, which was passing by, some adroit thief entered the place by a side door, and stole $16,000 in $100 packages, the bills of which were all on the State banks

PHILADELPHIA, 31st.

The general Subscription Agent, reports the sale of $1,334,600 in 5-20's yesterday at various agencies.

WASHINGTON, 31st

A despatch was received this afternoon from General Stahl, dated Fairfax Court House today, in which he says Merely, with 800 men and one howitzer, attacked our train of wagons at Catlett's Station yesterday, and the guard having escaped he burned the train. The ipcomotive is not much damaged.

NEWBERN, N. C., 26th.

The two dispatch steamers Emily and Arrow which were captured by the rebels in Carrituck canal are now at Franklin, on the Blackwater.

A drummer boy named Lavender French, Co. K, 27th Mass regiment, went into the fight near Kingston with a rifle and captured 25 rebels belonging to the 56th N C regiment and one Lieutenant commanded. He found his prisoners in an ambush. They supposed he represented a large force and finding out their mistake they were induced to return, but he little here thing in possession of their arms he obliged the captives to walk before his levelled piece and generously submit to his imperative order.

NEW YORK, 31st

The Fine street News Room has advices from Venezuela of April 30th

The country has become tranquil, the government of Paez having been acknowledged by the federals. A national convention was soon to be held, and it is proposed to reinstate the republic of Columbia

NEW YORK, 31st

The President of the Ocean Bank, D R Martin, has donated to Colonel Howe of the New England Guards 60 boxes of lemons for the use of soldiers in the hospitals at Washington — They were awarded yesterday by Adams' express. The ladies of the New England Association will forward 40 more boxes on Tuesday to Surgeon General Hammond.

CAPE RTS, 29th

Steamship Java, from Liverpool 21st via Londonderry 22d, was boarded by the Associated Press news yacht at five this afternoon

Political intelligence unimportant

There was a general feeling of suspense for later American news.

Liverpool, 22d Rumors of an occurrence in America, brought by the Glasgow, which reached here to-day, have created a buoyancy in the cotton market.

The Saxonia did not leave Southampton on the 20th, owing to damages to her machinery. The Hammonia was expected there on the 22d to take her place

The absence of later American news than that by the Persia has caused feeling of suspense, and exaggerated rumors such as an armistice and the surrender of Hooker's army, and some papers profess to see a faint glimmer of peace

Lord Palmerston announced almost out of danger

The Liverpool Mercury publishes another lot of anonymous correspondence in regard to federal operations in England in the matter of secret agencies or recruiting

FRANCE

Admiral Graviere having resigned the naval command in Mexico to Admiral Bosse, has returned to France bearing Gen. Forey's report of operations in Puebla down to April 17, at which date the prospects of a French success were stated to be excellent. A French man of war had been sent to Patras in consequence of the unsettled state of Greece

The International Congress at Paris, on the postal question, has appointed a sub-committee to prepare business and thus accelerate proceedings. Mr Kasson, the delegate from the United States, is a member of this committee

Advices from Cherbourg report that considerable reinforcements are being despatched from there to the French army in Mexico

The Paris bourse was steady at 69f 50c

There is nothing new as to the movements of the Polish insurgents

The number of insurgents in the Kingdom of Poland is estimated by the Times' correspondent not to exceed 20,000, and in Lecheran as under 10,000. The number of small handed detachments from 50 to 500 men is about 200

In Spain the sentence of imprisonment, and hard labor at the galleys, against the Zorlada Protestants, had been commuted into banishment for a corresponding period.

The Cork Examiner contains correspondence from various parts of Ireland which leaves scarcely any doubt that recruiting for the Northern army is attempted to be carried out on an extensive scale. It appears that Whitehallville, Charlesville and other places, have been visited by several American gentlemen of military aspect, who publicly offered to give passage to any number of young men willing to accept, to New York or three pounds each, with the certainty of remunerative work when they arrive there. The police were present on several occasions which obviously disconcerted the strangers, but as there was nothing illegal in the proposals, no proceedings could be taken. Several hundred young men await the sailing of the next steamer, and beyond all doubt are engaged to go to America on the terms offered by the American agents.

NEW YORK 31st

Steamer Eidon, from Liverpool 19th Queenstown 20th, arrived this afternoon. Her advices are anticipated by the Java

The disaster of the American vessels off Pernambuco by the pirates had reached England

Mr Bulard stated in Parliament that the British Consul at Mobile was promptly dismissed for shipping a crew on a British war vessel

In the House of Lords, Marquis Clarricarde denounced the seizures of British vessels by federal cruisers as a violation of the law of nations, and complained of the proceedings of the U S prize courts

Earl Russel defended the course of the American Government, and said that all their communications showed that they fully respected international law, and desired to act accordingly

The law officers of the crown in all cases of complaint reported that there was no reasonable ground of objection to the decisions of the U S prize court. He thought that blockade runners, when they lost a vessel, demanded redress with all the air of injured innocence. He denied that the Alabama was fitted out with the connivance of the British government

The Earl of Derby fully concurred with Earl Russel, and thought every allowance ought to be made for the provocation the Americans must feel at seeing so much commerce carried on with the Confederates, notwithstanding the blockade

Further advices from Hooker's batteries are eagerly awaited

The Times looks on Hooker's design as frustrated, and thinks his defeat will be the last chance of success in Virginia

The Post and Herald think Hooker sustained a disastrous defeat

Other journals regard the affair as inconclusive, and are still hopeful of success.

The reply of President Lincoln to the address to the address of the Emancipation Society, had been received

☞ Governor Coburn, we are happy to state, is recovering slowly from his recent alarming illness, and is now considered out of danger.—He is still very weak, but if no relapse takes place he will be able to return home and attend to business within a week or so. His proposed visit to the State Prison with the Council, is delayed by reason of sickness, and also the fact that the new Warden of the institution has not entered upon the duties of his station

—*Portland Press.*

The number of vessels taken by Southern privateers is 106 and the property lost was of the value of $10,000,000. (Our little bill against John Bull is increasing rapidly.

The newspapers are bringing to mind the fact that, should Vicksburg be taken by General Grant, the case will be one of just retribution upon the first city that in this rebellion hurled hostile shot against the flag of the nation. Three months before the attack on Fort Sumter, and four days after the formal secession of the State of Mississippi, on January 9, 1861, (the first to follow South Carolina), a frantic crew of artillerists, on Jay Hill, served as the Quitman Battery, planted their field pieces on the bluff at Vicksburg, and on Tuesday, the 15th, brought to the first river steamer, the A O Tyler—by but not establishing the blockade on the peaceful travel of the Mississippi, while yet every State bordering on the river, save Mississippi alone, was still in the Union.

The loss of the rebel generals in the late battles of the Rappahannock was extraordinary. The Richmond papers have already published among their killed and wounded, Lieut General Jackson, dead, Brig Gen Thomas, killed, Gen A P Hill wounded, Brig Gen Paxton, killed, Brig Gen McComb, wounded, Brig Gen Nichols, wounded, leg amputated, Brig Gen Hoke, wounded. Every staff officer of A P Hill was either killed, wounded or captured. Half of Jackson's staff shared the same fate

A correspondent of the New York Tribune says he learned, from one of the heads of Department at Washington, that the War Office was in possession of facts which led it to believe that Gen Jackson was purposely shot by one of his own men, as having excited a revengeful hatred on account of his rigid and tyrannical control over his troops

The Hartford Press says it has very high authority for stating that Georgia is on the point of sending commissioners to seek admission into the Union on the basis of the *status quo*. And there is also reason to believe that Mr Seward would urgently favor it

LYON'S KATHAIRON.

Kathairon is derived from the Greek word "Kathairo," or Kathairo," signifying to cleanse, rejuvinate and restore. This article is what its name signifies. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is owned and put up by the original proprietor, and is now made with the same care, skill and extent on which gave it a sale of over one million bottles per annum

It is a most delightful Hair Dressing

It eradicates scurf and dandruff

It keeps the head cool and clean

It makes the hair rich, soft and glossy

It prevents the hair from falling off and turning gray

It restores hair upon bald heads

Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world—sold by all respectable dealers.

POOR RICHARD'S EYE AND EAR WATER.

This is the Best Preparation in the World!

DEAFNESS are you aware that every time you think, speak or sneeze, you draw on your eyes for strength to cough? Now you are debtor to them, and if they have not arrested your body and spirit up in the prison of disease remember they must necessarily will if you do not satisfy their claim (which is a small one) for all the services they render to you continually. They are trying to run for help every blood streak is sent to. Hear their cry, and save yourself by taking them. Give them a drink of POOR RICHARD'S EYE WATER, Morning and Night. This is all they ask, and they will positively keep your body out of the direct house of disease. They do not want to lose time in explanations. Try them and prove them. By faithful perseverance, deafness can be cured and prevented.—Baths both eyes and ears.

A Remarkable Cure in Bangor.

A. W. H. PHILBRICK, do certify that my wife Esther H. has had a bad Eye from childhood, caused by measles. One year since it commenced to appear on the back of her eye. It increased to the size of a large nut. Smarting sometimes alarmed most the progress it was making. I took my wife to Dr. BROWN, who gave her some drops which could remove it, and further strengthen her eyes. Mrs. A. applied for continuance at seven o'clock in the evening, and at nine o'clock the lump was gone. We could see no more of it. My wife can now see perfectly well. Any one of the other side of the street which she did never do before. She has always had headache when riding in a carriage. Yesterday, when riding in a carriage, she and no return of headache. My own eyes were treated for a few times by Dr. BROWN. I find them much strengthened. W. H. PHILBRICK.

HUNNEWELL'S UNIVERSAL COUGH REMEDY

BASES its real claims to the confidence of the public by its perfect simplicity, and freedom from every component which in any way places restraint on its use, *Day or Night*, by Old or Young, but to find the real secret of its true character and results, to which thousands can testify, by its being made the *Pocket, Bedside or Nursery* Companion of all, and the enemy to all *Throat and Lung* Complaints by using it every hour, if necessary, or when there is the least tickling in the Throat, or disposition to Cough. By such freedom of use it

CURES

Coughs,
Colds,
Sore Throat,
Bronchial Complaints,
Hoarseness

and all such, as when neglected, end in

CONSUMPTION!

To Public Speakers and Singers it is most valuable, as it goes to the foundation, cleans the Throat, and prevents the prostration which follows great exertion.

As a *Soothing Syrup* its simplicity calls for special attention, as the most delicate infant may take it with the greatest freedom.

HUNNEWELL'S

This Preparation, by its splendid results, has shown the great necessity of a true *Nervous and Spasmodic Remedy*, which does its work on all such complaints, completely relieving the pains, and leaving no stain of debility behind.

All most complaints of this nature proceed from inward causes, they are reached only through the Stomach, and in most of them, time and money is wasted by the use of Liniments and Lotions.

Let this preparation be fairly tested and it will be found worthy the name and fame of a true

ANODYNE!

IT CURES

Neuralgia,
Rheumatism,
Gout,
Tooth Ache,
Ear Ache,
Nervous Head Ache,
Distress after eating,
Fits,
Histeria,
Nervousness,
Spinal Complaint,
St. Vitus Dance,
Cholera Morbus,
Pains in Stomach and Bowels.

also, the chief of all diseases of disease and insanity

LOSS OF SLEEP!

☞ To the *Sleepless Invalid* it gives the most refreshing sleep.

To Females suffering the pains of *Monthly Menstruation*, it completely relieves, while Nature's work is undisturbed. This is of great importance, as from this cause dates most, if not all, wrecks to the Nervous System, and Chronic Female Complaints.

For Stomach, or Tape Worms, it is a sure remedy.

For children, when Teething, it completely soothes the pain, by dilating with milk and rubbing the Gums. When very severe add in 5 to 10 drop doses in milk, and is a perfect relief.

HUNNEWELL'S

This valuable and Simple PILL rests for its merits on being the true type of a CATHARTIC,—simple, though thorough in action, seldom requiring but a single pill for a dose or one at night and one at morning—acts without the least griping.

AND CURES

Dyspepsia,
Indigestion,
Biliousness,
Loss of Appetite,
Jaundice,
Humors, &c., &c.

IS THERE A VIRTUE IN SALVATION?

WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?

Convincing Testimony.

REV. C. A. BUCKBEE, Assistant Treasurer Am. Tract Bible Union, N. Y. Feb. 1863, writes: "I very cheerfully add my testimony to that of numerous friends to the great value of Mrs. S. A. Allen's Worlds Hair Restorer and Zylobalsamum."

REV. WM. CUTTER, N. Y. City: "My hair is changed to its natural color, and grows on bald spot."

REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being gray to its natural and beautiful color."

REV. T. WEST, Brooklyn, L. I.: "I will testify to its value in the most liberal sense. They have restored my hair where it was bald, and where it is of original color."

REV. L. WORCESTER, Boston, Mass.: "I have used it with great effect. I am now neither bald nor grey. My hair was dry and brittle, it is now soft as in youth."

REV. H. V. DEGEN, Boston, Mass.: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

Ayer's SARSAPARILLA,

PREPARED BY DR. J. C. AYER, LOWELL, MASS.
Practical and Analytical Chemists.

From Rev. Robt. Stratton, Detroit, Michigan.

"I have sold large quantities of your Sarsaparilla, but never yet one bottle which failed of the desired effect, and full satisfaction to those who took it. I feel as one people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Detroit, Michigan.

"I truly do my duty to you and the public, when I add my testimony to that you put forth of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an inflaming humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dunnsville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. No help afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had, for several years, a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time, but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sisson, Houston St., New York.

"DR. AYER: I feel bound to remove *Erysipelas* and *Scrofulous* Humors by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. S. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicine. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I then, at the urgent request of a friend, took two bottles of your SARSAPARILLA. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Munro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Ross, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuskaloosa Democrat, Pennsylvania.

"Our only child, about three years of age, was seized by some humor in the forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies without any apparent effect. At other times we guarded his hands lest with them he should tear open the festering and certain wound which covered his whole face. Having tried every thing else we had any hopes from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now in perfect and fair health. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Stout, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an able and physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER: My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effected in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had given full ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the unremitting use of AYER'S SARSAPARILLA effected one. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by inherited *Scrofulous Humors*, and are very often cured by the alterative effect of the SARSAPARILLA. Some cases require, however, an aid of the SARSAPARILLA, the skilful application of local remedies.

From the well known and widely celebrated Dr. Jacob Morrill, of Portsmouth.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Inflammation and Ulceration, and loss of delicacy, arising from the scrofulous influence, have yielded to it, and there are few that do not, when a reform is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by the 6 bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by the EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by all the Druggists in Bangor, and by merchants and dealers in medicine everywhere.

General Orders No. 105

The organization of an Invalid Corps is hereby authorized.

This Corps shall consist of companies, and it shall be detailed by the Chief of Bureaus.

The Companies shall be made up from the following sources, viz:

First. By taking those officers and enlisted men of commands now in the field (whether actually present or temporarily absent) who, from wounds received in action or disease contracted in the line of duty, are unfit for field service, but are still capable of effective garrison duty, or such other light duty as may be required of an Invalid Corps.—Regimental Commanders shall at once make out, from information received from their Regiment and Company Officers, and from their own knowledge, rolls (according to the Form furnished) of the names of all the officers and enlisted men under their commands who fulfill the following conditions, viz:

1. That they are unfit for active field service on account of wounds or disease contracted in the line of duty, this fact being certified by a Medical Officer in the service, after personal examination.

2. That they are fit for garrison duty, the fact being likewise certified by the Medical Officer as above, after personal examination.

3. That they are, in the opinion of their commanding officers, architects and builders.

These rolls shall be certified by the Examining Surgeon and Regimental Commander and transmitted, through the regular channels of military correspondence, to the Provost Marshal General of the United States.

The Regimental Commander shall enter in the column of remarks, opposite each officer's name on the roll, a statement as to the general character of the officer for intelligence, morality, sobriety, and attention to duty; and all incorrect or dishonest statements shall subject the person making them, if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Subsidiary rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.

Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to Form, entering the names of officers and enlisted men belonging to the Regiment on a roll by themselves, and send them, with the certificate of the Surgeon, duly signed, to the proper Regimental Commander, who will forward them, as hereinbefore specified, subject to the same conditions and requirements. In any case, the Regimental Commander shall think an officer unfit, in point of character, to continue in the service of the invalid corps, though qualified and certified by the surgeon, he will state his objection in the column of remarks, and note the exception before signing the certificate. In case any officer or enlisted man now in the service, but absent and beyond the reach of a Medical Officer in charge of a Hospital or Convalescent Camp desires to enter this Corps, he will take the course indicated below for those who have been honorably discharged the service.

Third. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or disease contracted in the line of duty, and who desire to reenter the service. In the case of the officers, applications for appointment must be made to the Provost Marshal General of the United States through the officer detailed as Acting Assistant Provost Marshal General of the State. No application of this kind will be considered unless the following conditions are complied and fulfilled:

1. That the applicant produces the certificate of the surgeon of the board of Examiners for the District in which he resides, that he is fitted for active duty, on account of wounds or disease not due to disease, but is fit for garrison duty.

2. That he furnishes evidence of honorable discharge, on account of wounds or disability incurred in the line of duty.

3. That he produces recommendations from the Regimental, Brigade, and Division commander under whom he formerly served, that he is worthy of being time provided for and capable of rendering adequate service to the Government. In case that he is unprovided with the testimonials of his fitness, having established the first two points satisfactorily, the board of Examiners shall give him certificate to that effect, and he shall be entitled to receive from the Acting Assistant Provost Marshal General of the State, a certificate to the general character of the officer for intelligence, morality, sobriety, and attention to duty; and all incorrect or dishonest statements shall subject the person making them, if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Subsidiary rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.

Second. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to Form, entering the names of officers and enlisted men belonging to the Regiment on a roll by themselves, and send them, with the certificate of the Surgeon, duly signed, to the proper Regimental Commander, who will forward them, as hereinbefore specified, subject to the same conditions and requirements. 2. That he furnishes evidence of honorable discharge, on account of wounds or disability incurred in the line of duty.

3. That he produces recommendations from the Regimental, Brigade, and Division commander under whom he formerly served, that he is worthy of being time provided for and capable of rendering adequate service to the Government. In case that he is unprovided with the testimonials of his fitness, having established the first two points satisfactorily, the board of Examiners shall give him certificate to that effect, and he shall be entitled to receive from the Acting Assistant Provost Marshal General of the State, a certificate to the general character of the officer for intelligence, morality, sobriety, and attention to duty; and all incorrect or dishonest statements shall subject the person making them, if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Subsidiary rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.

Fourth. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to Form, entering the names of officers and enlisted men belonging to the Regiment on a roll by themselves, and send them, with the certificate of the Surgeon, duly signed, to the proper Regimental Commander, who will forward them, as hereinbefore specified, subject to the same conditions and requirements. In case that he is unprovided with the testimonials of his fitness, having established the first two points satisfactorily, the board of Examiners shall give him certificate to that effect, and he shall be entitled to receive from the Acting Assistant Provost Marshal General of the State, a certificate to the general character of the officer for intelligence, morality, sobriety, and attention to duty; and all incorrect or dishonest statements shall subject the person making them, if they have none, they shall state how far they are willing to endorse the opinion of the officer or officers making the recommendation. Subsidiary rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.

Sixth. By accepting those officers and enlisted men who have been honorably discharged on account of wounds or disease contracted in the line of duty, and who desire to reenter the service. In the case of the officers, applications for appointment must be made to the Provost Marshal General of the United States through the officer detailed as Acting Assistant Provost Marshal General of the State. Subsidiary rolls shall be forwarded from time to time, whenever the number of men fulfilling the conditions enumerated or the exigencies of the service may render it expedient.

Ninth. By taking those officers and enlisted men still in service and borne on the rolls, but who are absent from duty in Hospitals or Convalescent Camps, or are otherwise under the control of Medical Officers. In these cases the Medical Officer in attendance shall prepare the rolls according to Form, entering the names of officers and enlisted men belonging to the Regiment on a roll by themselves, and send them, with the certificate of the Surg
